TOURNAMENT FORMAT

Team Scramble – Captain’s Choice

Here’s how the basic scramble format works:

- Each golfer hits a drive. The results of the drives are compared, and the best ball is selected and marked. The other golfers on the team pick up their golf balls and move them to that location.
- The second strokes are played, and the process repeats: Select the best ball, move the other balls to that spot and play the third strokes and so on, until the ball is holed for one team score.
- Record only the team’s score on each hole.
- When moving golf balls to the spot of the selected shot, the other golfers on the team can play from within one-club length of the original spot. But that one-club length cannot be closer to the hole, and it cannot improve the lie of the original ball.
- Order of play on every stroke is usually at the sole discretion of each scramble team.
